HARRY TRACY DEAD HOLD UP IN ILLINOIS

The Outlaw and Murderer Shoots Himself to Death. Burlington Limited Stopped by Robbers Near Savannah.

NO WAY TO ESCAPE EXPRESS CAR LOOTED

He Fought a Posse Four Hours and Being Wounded Saw His Capture Was Sure—Some of the Deeds He Committed.

Spokane, Wash., Aug. 6.—Harry Tracy, the outlaw, escaped convict and murderer, is dead. He was surrounded in a swamp near the Eddy farm, eleven miles from Preston, Wash., Tuesday night by a posse and for four hours he fought the posse at long range. During the fight Tracy was wounded in the knee and knowing his escape under such conditions futile, he shot himself to death. His body was not found until early this morning. Harry Tracy escaped from the Oregon state penitentiary at Salem, June 9, in company with David Merrill, after killing four men, Frank W. Ferrell, G. R. T. Jones and B. F. Tiffany, guards, and Frank Ingram, a convict, who tried to prevent his flight. On June 28 Tracy killed Merrill near Napavine, Wash., shooting him from behind, and leaving his body in the forest where it was found on July 15.

HARRY TRACY.

On July 3, near Seattle, in a fight with a posse, Tracy shot and killed Charles Raymond, a deputy sheriff, E. E. Bresse, policeman, and mortally wounded Neil Rawley, who died the following day; and wounded Carl Anderson and Louis Seafrite, newspaper reporters.

Tracy committed many feats of daring during his flight in the course of which he eluded various posses when apparently surrounded and held up numerous farmers whom he forced to furnish food and clothes and by threats of murdering their families compelled them to cover up his tracks.

Perhaps his greatest show of daring was displayed on July 2 at South Bay, near Olympia, when he held up six men and forced four, including Captain Clark, of the large gasoline launch, to embark with him on Puget Sound and pilot him up the stream for ten hours.

In 1897 Tracy murdered Valentine Hoge, a Colorado cattleman, and Wm. Strong, a boy, in the same state.

A total reward of \$5600 was offered for his arrest. Governor McBride of Washington offered \$2500 of the above for his capture dead or alive. The state of Oregon offered \$3000 and a brother of one of the guards killed at the penitentiary, offered \$100.

The reward for Merrill's capture amounted to \$1500, which has been claimed by Mrs. Waggoner, a berry picker, and her son who found the body near their home.

Capital Stock Increased.

Carthage, Mo., Aug. 6.—Southwestern State Manufacturing company of Slattington, Ark., of which Curtis Wright of this city is president, has just filed articles of incorporation increasing the capital stock to \$10,000,000. The stockholders are principally eastern capitalists. The company has slate quarries at Slattington and a railroad is to be built at once from there to Hot Springs, 56 miles distance.

Escaped and Was Killed.

Leavenworth, Kan., Aug. 6.—Fred Herron, white, and Robert Johnson, a negro prisoner in the county jail, overpowered the guard Tuesday night and escaped. They entered the house of Carl Gitsch, a farmer four miles south of this city, held a pistol to his head and demanded his money. A young son of Gitsch came down stairs and with a shotgun shot and killed Herron. Johnson fled and has not been captured.

Largest Negro Gathering.

Atlanta, Ga., Aug. 6.—The negro young people's christian and educational congress, said to be the largest gathering of negroes ever held in this country, has opened here in the agricultural building at Piedmont park with an attendance estimated of 5000 delegates.

Chicago, Aug. 6.—Masked men held up the Chicago, Burlington and Quincy limited northbound train two miles north of Savannah, Ill., at 11:30 Tuesday night. They cut off the Adams express car, forced the engineer to run up the track and then blew up the express car.

The robbers torpedoes the track and when the torpedoes exploded the engineer quickly brought the train to a stop. One man boarded the engine, ordered the engineer to run ahead, while the other man cut the express car off.

The train crew hurried on to Savannah and gave the alarm and a posse of officers and citizens armed with shotguns and revolvers hastened to the scene.

The limited is said to carry heavy and valuable express packages nightly. It is reported that the robbers secured about \$20,000.

At the Burlington offices in this city the news of the daring and successful work of the bandits was confirmed.

The train which was looted is known as No. 47, leaving Chicago at 6:30 p. m., and is a through train for Minneapolis.

The officials of the railroad company were unable to give any information as to the amount of booty secured by the robbers, or to say definitely whether any of the trainmen had been injured during the exciting encounter.

ADDITIONAL DETAILS.

In the Burlington Holdup One of the Robbers Shot and Killed.

Chicago, Aug. 6.—Further details of the hold up on the Chicago, Burlington and Quincy railroad near Savannah, Ill., at midnight Tuesday night, show the robbers were experts, knew how to handle explosives to the best advantage and some of the number were old railroad men. One of the robbers was killed.

Six or eight men boarded the train when it was brought to a standstill by the torpedoes on the track, four taking control of the engineer and fireman. The engine and express car was uncoupled from the rest of the train and engineer and fireman forced to take this part of the train up the track. Robbers then blew up the express car with dynamite, ran the engine north, about a mile from Hangover, and locomotive becoming dead, robbers abandoned it and escaped.

The deed was done quickly. Six sacks of money were secured, but the amount not known. Passengers were not molested.

There was no way of telegraphing news of the hold-up and a flagman walked back and gave alarm. Special train of citizens and several policemen at once proceeded to scene, but as track runs along Mississippi river, and country is well adapted to successful flight robbers easily escaped.

The train attacked is one of the finest in the world and usually carried considerable money, which must have been known by the highwaymen.

The death of the robber is a mystery. It is not known whether he was killed through mistake by his companions, by the explosions in attempts to open the safes or by one of the five shots fired at the thieves by the express messenger.

The dead robber is a stranger in this vicinity. He was well dressed and seemed about 35 or 40 years old. In his pocket was found an Iowa Central mileage credential from Gribbel to Gilman, Ia., issued in the name of A. L. Jacobs. The body of the dead man was put on the tender by his companions and thrown in the brush near where the engine was found.

Cloudburst at Manitou.

Colorado Springs, Aug. 6.—Manitou presented a sorrowful spectacle Tuesday night. There was a cloudburst in the vicinity of Woodland park in the afternoon, and the flood that descended Ute Pass did great damage. There is not a wagon bridge left in Ute Pass below Cascade. The rainbow fall, one of the beauty spots of the vicinity, has been put out of existence, and the carriage road is washed out completely. Wreckage consisting of household goods, lumber, railroad ties, bridge timbers and tree trunks, is piled twenty feet high in Soda Springs park.

There are many reports of loss of life, but none is confirmed.

The Denver and Rio Grande railroad lost a bridge between Manitou and Colorado Springs, and is washed out at Butte and Wigwam.

The Colorado Midland line is totally destroyed in Ute Pass.

Drouth in Colorado Over.

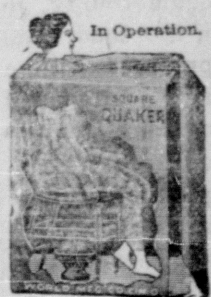

Denver, Colo., Aug. 6.—The drouth which has prevailed in Colorado for several weeks has been broken. A cloudburst occurred south of this city, and railways were washed out between Colorado Springs and Pueblo. At Pueblo the Arkansas river is bank full, and has broken a levee and flooded the state insane asylum's big garden, doing great damage. Reports of damage have been received from other places in that vicinity.

Trial of Monitor Arkansas.

Newport News, Va., Aug. 6.—Monitor Arkansas has arrived at Barren Island trial course in Chesapeake bay, where she will be given an official speed trial. This completed she will then go to sea and be put through a series of tests to determine her general seaworthiness.

NOTICE, TRUCK GROWERS.

As there were not enough mem-

present to call another meeting for
next Saturday, Aug. 9, at 2:30 p.

ed to is very important to every
member, it is hoped there will be
a full attendance.

McDuff Simpson.

The superintendent of the Stone
farm, in Washington county, in
making a report of the flood, said
his farm was protected with a
levee, all but a small portion and
was saved from any damage what-
ever. That sounds mighty good,
and it's only a question of time
until all the fine farms on the
Brazos will have the same pro-
tection. It is now an imperative
necessity, and must be done.
Levees for the Brazos river should
be the slogan of all the planters and
the business interests connected
therewith. United States aid
should be procured by our Con-
gressmen. Our legislator should
use their best efforts to have Con-
gress memorialized on the subject
by the next legislature.

The report of the weather bu-
reau says the cotton crop will soon
recover from the bad effect of the
heavy rains. The fellow who
wrote that ought to be dumped
out in the Brazos bottom about
now.

OBITUARY.

Death again has visited our com-
munity and taken from the family
of Mr. and Mrs. Frank W. Wilson
their dear little girl Jessie. She
was taken ill last Feb. and in April
she became blind, never regaining
sight, and after suffering, which
she bore with remarkable patience,
died July 25, at the age of 10 years
4 months and 25 days, and was
laid to rest in the cemetery at
Wixon.

Mother, do not grieve for Jessie.
Though you see her here no more
Death to her was but a blessing.
Bearing her to heaven's shore.
Life to her was hard and dreary
Could not see the rays of light.
She has gone where all is cheery,
Christ is there, there is no night.
In that land there is no crying,
God shall wipe all tears away.
No more sorrow, pain or dying,
Jesus makes eternal day.

WHITE'S RESIGNATION

Our Ambassador to Germany to
Leave His Post.

TAKE EFFECT NOV. 7

There is Much Speculation as to Who
Will Succeed Mr. White—He Was
Appointed in 1897 Under
President McKinley.

Berlin, Aug. 6.—Ambassador Andrew
D. White mailed his resignation to
the United States several days ago. It
is to take effect early in November. The
resignation may now be in the hands
of President Roosevelt. The date set
by the ambassador for his resignation
to go into effect was November 7. He
is now at Hamburg, where he is taking

ANDREW D. WHITE.

the waters and where he probably will
remain until the end of the month.

There is much gossip at Berlin con-
cerning Mr. White's probable successor,
and one circumstantial story is, that
the president intends to transfer Am-
bassador Tower from St. Petersburg to
Berlin, Minister Storer from Spain to
be ambassador to Russia, and to ap-
point Henry White, now secretary of
embassy at London, as minister to
Spain. Mr. Tower who has been dis-
satisfied with St. Petersburg, expressed
months ago a wish to be transferred
to some other equally desirable post,
preferably Berlin.

Washington Unadvised.

Washington, Aug. 6.—No infor-
mation has been received at the state
department indicating that Ambassador
White resigned, but the announcement
was not unexpected as a report was
current some time ago that he would
retire from public life upon his reach-
ing his seventieth birthday.

Several gentlemen in the diplomatic
service have been mentioned in con-
nection with the Berlin embassy should
Ambassador White retire, the most
prominent being Dr. David Jayne Hill,
now first assistant secretary of state
and Hon. Bellamy Storer, at present
minister to Spain.

Ambassador White was appointed in
1897.

Decayed Corpse Found.

Tyler, Tex., Aug. 6.—Two boys
found the remains of a man in an
old field one mile from Tyler. The
man had been dead two or three
weeks, as nearly all the flesh had
either decayed from the bones or been
eaten off by buzzards. It was impos-
sible to tell whether he was white or
black. He wore a red striped shirt
and blue striped overalls. Decayed
teeth indicated the deceased to have
been an old man. No marks of vio-
lence were found. Officers were un-
able to determine the cause of his
death or discover anything concern-
ing him.

Killed by a Blow.

Longview, Aug. 6.—A fistie encoun-
ter between Ellie Newton and Owen
Plummer Monday night resulted in
Plummer's death by a blow over the
heart. The two had trouble and Plum-
mer began cursing Newton and hitting
him, when Newton hit him, knocking
him down, and his death resulted im-
mediately. When Newton discovered
he had killed his antagonist he picked
the body up and carried it home. New-
ton waived an examination before
Magistrate Burton and was placed un-
der \$500 bond, which was given im-
mediately. Plummer was only about
17 years old.

Creamery for Van Alstyne.

Van Alstyne, Tex., Aug. 6.—This
place is to have a \$7500 butter and
cheese factory. A preliminary meeting
of business men and representative
farmers was held Saturday, at which
J. Fred Williams, representing a Chi-
cago firm, entered into a contract to
erect and equip a factory. Soliciting
committees were at once put to work
and over \$5000 of stock has been taken.
The farmers of the community are be-
ing visited and it is expected the full
amount of the stock will be sub-
scribed.

Jumped from a Window.

Galveston, Aug. 6.—Thomas Bowl-
in, a screwman, was taken to the Sealy
hospital Saturday night suffering
from hemorrhages of the brain. Sun-
day afternoon while attendants was
absent from the room, he jumped out
of a window to the ground ten feet
below an unconsciousness ensued. In
a few hours he died. An autopsy was
held and the conclusion arrived that
death was not due to the fall.

Storm at St. Louis.

St. Louis, Mo., Aug. 6.—A heavy
wind storm that swept over St. Louis
Tuesday wrecked two of the four tow-
ers of the varied industrial building,
in course of erection on the World's
Fair site. The towers were 200 feet
high.

There are 500 of the domestic corporations delinquent, a number of which are the oil companies which sprang up and died a peaceful death, and proceedings against which will amount to nothing. The prosecuting attorneys will institute suits against the delinquents to forfeit their right to do business. There are just 132 foreign corporations which have failed to file the affidavit, and it is the duty of the attorney general to bring suit in their case. Among this list are included the several insurance companies which have withdrawn from Texas and a number of oil and other concerns.

EIG INCREASE.

Occupation Taxes for 1902 Exceed Those of Any Other Year.

Austin, Aug. 6.—The estimate furnished by the comptroller's department shows the total occupation taxes for the year ending April 30, 1902, collected by tax collectors alone, amounted to \$1,051,621.18, against \$1,009,050.48 for the year 1901, showing a net increase of \$42,570.70. This is the greatest increase of any year in the history of the office, notwithstanding the steady growth of local occupation taxes.

FIGHT OVER A GARDEN.

Two Men and One Woman Seriously Wounded and Others Injured.

New York, Aug. 6.—In a fight with revolvers and clubs, for the possession of a little "kitchen garden," at One hundred and Eighty-third street and Walton avenue, two men and one woman have been shot and more than a dozen of the belligerents injured. The seriously wounded are Christine Agrilla, John Monga and Genna Fonsa. Fonsa claimed he had a deed to the ground on which the kitchen garden had been laid out and cultivated. Monga asserted the garden belonged to him. During the last week there were several quarrels between the two.

Monga and three of his brothers secreted themselves, and when Fonsa began to pick some of the vegetables they opened fire on him. He summoned friends and so did Monga and the two forces exchanged volleys. Several women, wives of the fighters, joined in the fray. After a battle lasting ten minutes, the police arrived and dispersed the participants.

WATCHMAN KILLED.

A Mob Beats His Brains Out With Picks at Work-shed.

Wilkesbarre, Aug. 6.—Daniel Sweeney, watchman in the employ of the Delaware, Lackawanna and Western Coal company at the Bliss colliery, in Hanover township, was found dead in a field.

He quit work at midnight Tuesday night and was followed by a score of men. The men were making threats and Sweeney was afraid of them.

He took refuge in a saloon and waited there some time. After he thought the crowd that followed him had dispersed he left the place for home. This was the last seen of him alive. The supposition is the men who followed him from the mine were lying in wait for him and assaulted him with pick and beat out his brains.

Daring Climber Killed.

Philadelphia, Aug. 6.—Daniel Barry, the daring climber, known as "Steeple Jack," fell 98 feet while working in a city hall tower and was instantly killed. Barry placed an electric light around the brim of the statue of William Penn, which caps city hall tower, 540 feet above the pavement, and occasionally would lower himself over the edge of the hat and hang in midair by his hands. When he met death he was engaged in painting the interior of the dome.

Slept Two Weeks.

New York, Aug. 6.—After sleeping two weeks, Aloysius Reiss died at Trenton, N. J. He had been in a continuous state of somnolence, never waking but once, when his wife was moving him and in doing so pained him by twisting his back. "You hurt me," he calmly remarked and sank again into his deathlike sleep. The attending physicians say Reiss was a victim of Bright's disease and that his apparently long sleep was uraemic poisoning.

London, Aug. 6.—The first complete dress rehearsal of the coronation ceremony has been held in Westminster Abbey. The participants included all the chief actors in the ceremony save their majesties.

MURDER AT DES MOINES.

Leader Against Gambling Knocked Over the Head and Killed.

Des Moines, Aug. 6.—Isaac Finkelstein, whose crusade against public gambling closed eight houses in Des Moines two weeks ago, was murdered Tuesday night at an alley entrance between Sixth and Seventh streets, on East Walnut street. He was on his way home, less than a block and a half away, when a man stepped out of the shadow of the alley and struck him a blow over the head with a single-tree, crushing his skull. The murder is supposed to have resulted from Finkelstein's action in prosecuting the gamblers. He did not object to public gambling, but wanted the city to receive a revenue from it, and when the police did not raid the houses he filed complaints with the sheriff. The resultant raids proved so expensive that the gamblers closed their places.

They allege that the government has failed to comply with the terms of the agreement and the act of congress ratifying the agreement.

Austin, Aug. 6.—The governor has issued the following Labor day proclamation:

To Hang for Assault.

Montross, Va., Aug. 6.—In the Westmoreland county court, under guard of the Fredericksburg militia, the jury returned a verdict of guilty in the case of John Homer, alias Lomax, colored, indicted for committing a criminal assault on Miss Susie Costenbader, aged 15 years, near her home at Potomac Mills. Judge Beale pronounced sentence of death and fixed Sept. 9 as the day of execution. The prisoner was turned over to Captain Rowe of the militia and will be taken back to Alexandria, Va., for safe keeping.

Quiet at Shenandoah.

Shenandoah, Pa., Aug. 6.—The peace of this troop-protected town remains unbroken. The unsettled feeling which has been apparent for the past few days, however, continues. Tuesday was a lively day at brigade headquarters, where all the staff officers were kept busy in connection with the movements of troops and in keeping in touch with the situation of the entire country. There were many rumors of trouble, but excepting at Girardville, where a workman was shot and slightly injured, nothing of a serious nature occurred anywhere.

The company will not give out the number of men working. This makes three collieries now in operation in this city.

Big Fee Compromised.

Galveston, Tex., Aug. 6.—The city commissioners accepted a compromise offer from Leon Levi in settlement of his suit against the city for \$100,000 as contingent fees based upon the reclamation of certain flats from the state in the western part of the city. He represented the city several years ago and claimed a big fee, which was refused, and he entered suit, which case is still pending in court. He offered to take \$2500 cash, and the commissioners accepted, as it would cost the city several thousand dollars to defend the case.

HARRY TRACY DEAD HOLD UP IN ILLINOIS

The Outlaw and Murderer Shoots Himself to Death. Burlington Limited Stopped by Robbers Near Savannah.

NO WAY TO ESCAPE EXPRESS CAR LOOTED

He Fought a Posse Four Hours and Being Wounded Saw His Capture Was Sure—Some of the Deeds He Committed.

Spokane, Wash., Aug. 6.—Harry Tracy, the outlaw, escaped convict and murderer, is dead. He was surrounded in a swamp near the Eddy farm, eleven miles from Preston, Wash., Tuesday night by a posse and for four hours he fought the posse at long range. During the fight Tracy was wounded in the knee and knowing his escape under such conditions futile, he shot himself to death. His body was not found until early this morning.

Harry Tracy escaped from the Oregon state penitentiary at Salem, June 9, in company with David Merrill, after killing four men, Frank W. Ferrell, G. R. T. Jones and B. F. Tiffany, guards, and Frank Ingram, a convict, who tried to prevent his flight.

On June 28 Tracy killed Merrill near Napavine, Wash., shooting him from behind, and leaving his body in the forest where it was found on July 15.

HARRY TRACY.

On July 3, near Seattle, in a fight with a posse, Tracy shot and killed Charles Raymond, a deputy sheriff, E. E. Bresse, policeman, and mortally wounded Neil Rawley, who died the following day; and wounded Carl Anderson and Louis Seafrite, newspaper reporters.

Tracy committed many feats of daring during his flight in the course of which he eluded various posses when apparently surrounded and held up numerous farmers whom he forced to furnish food and clothes and by threats of murdering their families compelled them to cover up his tracks.

Perhaps his greatest show of daring was displayed on July 2 at South Bay, near Olympia, when he held up six men and forced four, including Captain Clark, of the large gasoline launch, to embark with him on Puget Sound and pilot him up the stream for ten hours.

In 1897 Tracy murdered Valentine Hoge, a Colorado cattleman, and Wm. Strong, a boy, in the same state.

A total reward of \$5000 was offered for his arrest. Governor McBride of Washington offered \$2500 of the above for his capture dead or alive. The state of Oregon offered \$3000 and a brother of one of the guards killed at the penitentiary, offered \$100.

The reward for Merrill's capture amounted to \$1500, which has been claimed by Mrs. Waggoner, a berry picker, and her son who found the body near their home.

Capital Stock Increased.

Carthage, Mo., Aug. 6.—Southwestern State Manufacturing company of Slatting, Ark., of which Curtis Wright of this city is president, has just filed articles of incorporation increasing the capital stock to \$10,000. The stockholders are principally eastern capitalists. The company has slate quarries at Slatting and a railroad is to be built at once from there to Hot Springs, 56 miles distance.

Escaped and Was Killed.

Leavenworth, Kan., Aug. 6.—Fred Herron, white, and Robert Johnson, a negro prisoner in the county jail, overpowered the guard Tuesday night and escaped. They entered the house of Carl Gitsch, a farmer four miles south of this city, held a pistol to his head and demanded his money. A young son of Gitsch came down stairs and with a shotgun shot and killed Herron. Johnson fled and has not been captured.

Largest Negro Gathering.

Atlanta, Ga., Aug. 6.—The negro young people's christian and educational congress, said to be the largest gathering of negroes ever held in this country, has opened here in the agricultural building at Piedmont park with an attendance estimated of 5000 delegates.

The Report Says the Thieves Secured About \$20,000—They Stopped the Train by Putting Torpedoes on the Track.

Chicago, Aug. 6.—Masked men held up the Chicago, Burlington and Quincy limited northbound train two miles north of Savannah, Ill., at 11:30 Tuesday night. They cut off the Adams express car, forced the engineer to run up the track and then blew up the express car.

The robbers torpedoes the track and when the torpedoes exploded the engineer quickly brought the train to a stop. One man boarded the engine, ordered the engineer to run ahead, while the other man cut the express car off.

The train crew hurried on to Savannah and gave the alarm and a posse of officers and citizens armed with shotguns and revolvers hastened to the scene.

The limited is said to carry heavy and valuable express packages nightly. It is reported that the robbers secured about \$20,000.

At the Burlington offices in this city the news of the daring and successful work of the bandits was confirmed.

The train which was looted is known as No. 47, leaving Chicago at 6:30 p. m., and is a through train for Minneapolis.

The officials of the railroad company were unable to give any information as to the amount of booty secured by the robbers, or to say definitely whether any of the trainmen had been injured during the exciting encounter.

ADDITIONAL DETAILS.

In the Burlington Holdup One of the Robbers Shot and Killed.

Chicago, Aug. 6.—Further details of the hold up on the Chicago, Burlington and Quincy railroad near Savannah, Ill., at midnight Tuesday night, show the robbers were experts, knew how to handle explosives to the best advantage and some of the number were old railroad men. One of the robbers was killed.

Six or eight men boarded the train when it was brought to a standstill by the torpedoes on the track, four taking control of the engineer and fireman. The engine and express car was uncoupled from the rest of the train and engineer and fireman forced to take this part of the train up the track. Robbers then blew up the express car with dynamite, ran the engine north, about a mile from Hanover, and locomotive becoming dead, robbers abandoned it and escaped.

The deed was done quickly. Six sacks of money were secured, but the amount not known. Passengers were not molested.

There was no way of telegraphing news of the hold-up and a flagman walked back and gave alarm. Special train of citizens and several policemen at once proceeded to scene, but as track runs along Mississippi river, and country is well adapted to successful flight robbers easily escaped.

The train attacked is one of the finest in the world and usually carried considerable money, which must have been known by the highwaymen.

The death of the robber is a mystery. It is not known whether he was killed through mistake by his companions, by the explosions in attempts to open the safes or by one of the five shots fired at the thieves by the express messenger.

The dead robber is a stranger in this vicinity. He was well dressed and seemed about 35 or 40 years old. In his pocket was found an Iowa Central mileage credential from Gribbel to Gilman, Ia., issued in the name of A. L. Jacobs. The body of the dead man was put on the tender by his companions and thrown in the brush near where the engine was found.

Cloudburst at Manitou.

Colorado Springs, Aug. 6.—Manitou presented a sorrowful spectacle Tuesday night. There was a cloudburst in the vicinity of Woodland park in the afternoon, and the flood that descended Ute Pass did great damage. There is not a wagon bridge left in Ute Pass below Cascade. The rainbow fall, one of the beauty spots of the vicinity, has been put out of existence, and the carriage road is washed out completely. Wreckage consisting of household goods, lumber, railroad ties, bridge timbers and tree trunks, is piled twenty feet high in Soda Springs park.

There are many reports of loss of life, but none is confirmed.

The Denver and Rio Grande railroad lost a bridge between Manitou and Colorado Springs, and is washed out at Butte and Wigwam.

The Colorado Midland line is totally destroyed in Ute Pass.

THURSDAY, AUGUST 7, 1902

NOTICE, TRUCK GROWERS.

As there were not enough members present to hold a meeting Saturday, it was decided by those present to call another meeting for next Saturday, Aug. 9, at 2:30 p. m. As the business to be attended to is very important to every member, it is hoped there will be a full attendance.

McDuff Simpson.

The superintendent of the Stone farm, in Washington county, in making a report of the flood, said his farm was protected with a levee, all but a small portion and was saved from any damage whatever. That sounds mighty good, and it's only a question of time until all the fine farms on the Brazos will have the same protection. It is now an imperative necessity, and must be done. Levees for the Brazos river should be the slogan of all the planters and the business interests connected therewith. United States aid should be procured by our Congressmen. Our legislator should use their best efforts to have Congress memorialized on the subject by the next legislature.

The report of the weather bureau says the cotton crop will soon recover from the bad effect of the heavy rains. The fellow who wrote that ought to be dumped out in the Brazos bottom about now.

A South Haven, Mich., couple adopted all the children in a nearby orphan asylum. There were twenty-two of them.

OBITUARY.

Death again has visited our community and taken from the family of Mr. and Mrs. Frank W. Wilson their dear little girl Jessie. She was taken ill last Feb. and in April she became blind, never regaining sight, and after suffering, which she bore with remarkable patience, died July 25, at the age of 10 years 4 months and 25 days, and was laid to rest in the cemetery at Wixon.

Mother, do not grieve for Jessie. Though you see her here no more Death to her was but a blessing. Bearing her to heaven's shore. Life to her was hard and dreary Could not see the rays of light. She has gone where all is cheery. Christ is there, there is no night. In that land there is no crying. God shall wipe all tears away. No more sorrow, pain or dying. Jesus makes eternal day.

WHITE'S RESIGNATION

Our Ambassador to Germany to
Leave His Post.

TAKE EFFECT NOV. 7

There is Much Speculation as to Who
Will Succeed Mr. White—He Was
Appointed in 1897 Under
President McKinley.

Berlin, Aug. 6.—Ambassador Andrew D. White mailed his resignation to the United States several days ago. It is to take effect early in November. The resignation may now be in the hands of President Roosevelt. The date set by the ambassador for his resignation to go into effect was November 7. He is now at Hamburg, where he is taking

ANDREW D. WHITE.

the waters and where he probably will remain until the end of the month.

There is much gossip at Berlin concerning Mr. White's probable successor, and one circumstantial story is, that the president intends to transfer Ambassador Tower from St. Petersburg to Berlin, Minister Storer from Spain to be ambassador to Russia, and to appoint Henry White, now secretary of embassy at London, as minister to Spain. Mr. Tower who has been dissatisfied with St. Petersburg, expressed months ago a wish to be transferred to some other equally desirable post, preferably Berlin.

Washington Unadvised.

Washington, Aug. 6.—No information has been received at the state department indicating that Ambassador White resigned, but the announcement was not unexpected as a report was current some time ago that he would retire from public life upon his reaching his seventieth birthday.

Several gentlemen in the diplomatic service have been mentioned in connection with the Berlin embassy should Ambassador White retire, the most prominent being Dr. David Jayne Hill, now first assistant secretary of state and Hon. Bellamy Storer, at present minister to Spain.

Ambassador White was appointed in 1897.

Decayed Corpse Found.

Tyler, Tex., Aug. 6.—Two boys found the remains of a man in an old field one mile from Tyler. The man had been dead two or three weeks, as nearly all the flesh had either decayed from the bones or been eaten off by whether he was white or black. He wore a red striped shirt and blue striped overalls. Decayed teeth indicated the deceased to have been an old man. No marks of violence were found. Officers were unable to determine the cause of his death or discover anything concerning him.

Killed by a Blow.

Longview, Aug. 6.—A fistful encounter between Ellie Newton and Owen Plumber Monday night resulted in Plumber's death by a blow over the heart. The two had trouble and Plumber began cursing Newton and hitting him, when Newton hit him, knocking him down, and his death resulted immediately. When Newton discovered he had killed his antagonist he picked the body up and carried it home. Newton waived an examination before Magistrate Burton and was placed under \$500 bond, which was given immediately. Plumber was only about 17 years old.

Creamery for Van Alstyne.

Van Alstyne, Tex., Aug. 6.—This place is to have a \$7500 butter and cheese factory. A preliminary meeting of business men and representative farmers was held Saturday, at which J. Fred Williams, representing a Chicago firm, entered into a contract to erect and equip a factory. Soliciting committees were at once put to work and over \$5000 of stock has been taken. The farmers of the community are being visited and it is expected the full amount of the stock will be subscribed.

Jumped from a Window.

Galveston, Aug. 6.—Thomas Bowlin, a screwman, was taken to the Sealy hospital Saturday night suffering from hemorrhages of the brain. Sunday afternoon while attendants was absent from the room, he jumped out of a window to the ground ten feet below an unconsciousness ensued. In a few hours he died. An autopsy was held and the conclusion arrived that death was not due to the fall.

Storm at St. Louis.

St. Louis, Mo., Aug. 6.—A heavy wind storm that swept over St. Louis Tuesday wrecked two of the four towers of the varied industrial building. In course of erection on the World's Fair site. The towers were 200 feet high.

DELINQUENT CORPORATION

Over Five Hundred Failed to Make the
Anti-Trust Affidavits Required.

Austin, Aug. 6.—The secretary of
state is at work certifying to district
and county attorneys, the names of
district corporations which have failed
to comply with the anti-trust law by
not filing before Aug. 1 affidavits to
the effect that they are not members
of any pool, trust or combination in
violation of the anti-trust law. There
are 509 of the domestic corporations
delinquent, a number of which are the
oil companies which sprang up and
died a peaceful death, and proceedings
against which will amount to nothing.
The prosecuting attorneys will insti-
tute suits against the delinquents to
forfeit their right to do business.
There are just 132 foreign corporations
which have failed to file the affidavit,
and it is the duty of the attorney gen-
eral to bring suit in their case. Among
this list are included the several in-
surance companies which have with-
drawn from Texas and a number of oil
and other concerns.

Preacher Under Arrest.

Texarkana, Tex., Aug. 6.—Rev. W. A.
Lewis, a Baptist preacher, was brought
here by United States Deputy Marshal
H. B. Holman from Hempstead county,
Arkansas, and lodged in jail charged
with assisting a counterfeiter to es-
cape. Holman and an assistant arrested
the alleged counterfeiter and he got
away from them an hour later, as is
alleged, through assistance rendered
by Lewis. A big meeting was in pro-
gress in the latter's neighborhood and
he was on the program to preach Mon-
day night, but the officers would not
wait on him long enough to permit him
to fill the appointment.

two days United States deputy marsh-

eling on all passenger trains between
Paris and Fort Smith for the purpose
of intercepting the shipment of liquor
into the Choctaw nation to be used in
the election today. Numbers of whisky
packages have been seized and smash-

quantities will be used at the polls.
It is claimed that some of the election
workers began getting in liquor sup-
plies a week ago.

drowned in Exall lake Tuesday. He

and sank. He laid hold of his com-
panion, who had to fight himself loose
to save his own life. All efforts to
revive the boy were unsuccessful.

Salt Lake Drying Up.

Salt Lake City, Aug. 6.—The great
salt lake, which has for several years
been slowly but steadily receding, has
reached the lowest level recorded since
observations have been taken by the
department. The fall of water since
1894 amounts to nearly six feet, and
on the low, flat eastern shore, this
has resulted in a recession of the water
line during that time of fully three-
quarters of a mile.

Explosion Causes a Panic.

Iowa City, Ia., Aug. 6.—At the con-
clusion Tuesday night of the program
of the Modern Woodmen district meet-
ing here, at which an address by W. J.
Bryan was the feature, a premature
explosion of fireworks created a panic
in the crowded grand stand. Four
men who were slightly burned jumped

DIG INCREASE.

Occupation Taxes for 1902 Exceed Those of Any Other Year.
Austin, Aug. 6.—The estimate furnished by the comptroller's department shows the total occupation taxes for the year ending April 30, 1902, collected by tax collectors alone, amounted to \$1,061,621.18, against \$1,009,050.48 for the year 1901, showing a net increase of \$42,570.70. This is the greatest increase of any year in the history of the office, notwithstanding the steady growth of local occupation taxes.

The adjutant general has issued an order detailing the following officers to inspect the battalion of colored infantry while at Camp Houston: Major Spencer Hutchins, assistant paymaster general; Major O. C. Drew, assistant adjutant general; Major J. S. Hoover, first cavalry.

Commissioner of Insurance and Agriculture Johnson has returned from Bryan, where he attended the meeting of the board of directors of A. and M. college. He said selections for six vacancies of the faculty of the institution had been made and appropriations maintaining the college the next school year made, amounting to over \$100,000, including the appropriation from the federal government.

FIGHT OVER A GARDEN.

Two Men and One Woman Seriously Wounded and Others Injured.

New York, Aug. 6.—In a fight with revolvers and clubs, for the possession of a little "kitchen garden," at One hundred and Eighty-third street and Walton avenue, two men and one woman have been shot and more than a dozen of the belligerents injured. The seriously wounded are Christine Agilla, John Monga and Genna Fonsa. Fonsa claimed he had a deed to the ground on which the kitchen garden had been laid out and cultivated. Monga asserted the garden belonged to him. During the last week there were several quarrels between the two.

Monga and three of his brothers secreted themselves, and when Fonsa began to pick some of the vegetables they opened fire on him. He summoned friends and so did Monga and the two forces exchanged volleys. Several women, wives of the fighters, joined in the fray. After a battle lasting ten minutes, the police arrived and dispersed the participants.

WATCHMAN KILLED.

A Mob Beats His Brains Out With Picks at Woke-shari.

Wilkesbarre, Aug. 6.—Daniel Sweeney, watchman in the employ of the Delaware, Lackawanna and Western Coal company at the Bliss colliery, in Hanover township, was found dead in a field.

He quit work at midnight Tuesday night and was followed by a score of men. The men were making threats and Sweeney was afraid of them.

He took refuge in a saloon and waited there some time. After he thought the crowd that followed him had dispersed he left the place for home. This was the last seen of him alive. The supposition is the men who followed him from the mine were lying in wait for him and assaulted him with pick and beat out his brains.

Trap Shooter for Congress.

Monmouth, Ill., Aug. 6.—Thomas A. Marshall, the celebrated trap shooter, is a candidate for congressional honors, having received by acclamation the nomination of the Democrats of the Fourteenth Illinois district. Mr. Marshall is mayor of Keithsburg. He gained fame among sportsmen by twice winning the grand American handicap for shooting. He was captain of the all American team that visited Europe last year. He is wealthy, owning telephone lines, electric light plants and land. He was a member of the state legislature when Palmer was elected United States senator.

Condition of Texas Banks.

Washington, Aug. 6.—The abstract of the condition of the national banks of Texas, exclusive of Houston and Dallas, at the close of business on July 16, as reported to the controller of the currency, shows the average reserve held at 20.98 per cent, against 31.24 per cent on April 30. Loans and discounts increased from \$64,826,496 to \$68,032,900; gold coin from \$2,216,560 to \$2,285,772; total species from \$4,583,347 to \$4,802,362. The lawful money reserve decreased from \$7,320,978 to \$7,206,916; individual deposits from \$64,722,598 to \$61,936,859.

Daring Climber Killed.

Philadelphia, Aug. 6.—Daniel Barry, the daring climber, known as "Steeple Jack," fell 98 feet while working in city hall tower and was instantly killed. Barry placed an electric light around the brim of the statue of William Penn, which caps city hall tower, 540 feet above the pavement, and occasionally would lower himself over the edge of the hat and hang in midair by his hands. When he met death he was engaged in painting the interior of the dome.

Slept Two Weeks.

New York, Aug. 6.—After sleeping two weeks, Aloysius Reiss died at Trenton, N. J. He had been in a continuous state of somnolence, never waking but once, when his wife was moving him and in doing so pained him by twisting his back. "You hurt me," he calmly remarked and sank again into his deathlike sleep. The attending physicians say Reiss was a victim of Bright's disease and that his apparently long sleep was uraemic poisoning.

Coronation Rehearsal.

London, Aug. 6.—The first complete dress rehearsal of the coronation ceremony has been held in Westminster Abbey. The participants included all the chief actors in the ceremony save their majesties.

MURDER AT DES MOINES.

Leader Against Gambling Knocked Over the Head and Killed.

Des Moines, Aug. 6.—Isaac Finkelstein, whose crusade against public gambling closed eight houses in Des Moines two weeks ago, was murdered Tuesday night at an alley entrance between Sixth and Seventh streets, on East Walnut street. He was on his way home, less than a block and a half away, when a man stepped out of the shadow of the alley and struck him a blow over the head with a single-tree, crushing his skull. The murder is supposed to have resulted from Finkelstein's action in prosecuting the gamblers. He did not object to public gambling, but wanted the city to receive a revenue from it, and when the police did not raid the houses he filed complaints with the sheriff. The resultant raids proved so expensive that the gamblers closed their places.

LEADERS EXECUTED.

Revolutionary Generals and a Colonel Shot in Colombia.

Panama, Aug. 6.—The revolutionary Generals Antonio Suarez La Croix and Juan Vidal and Colonel Julian Lecama, who were sentenced to death by a court-martial composed of government representative, have been shot at Barrigona camp, which is situated between Honda and Ambalema, on the Magdalena river. Other revolutionists were condemned by the same court to various terms of imprisonment, the longest of which is 20 years.

Antonio Suarez La Croix belonged to one of the oldest and richest families of Colombia. He was born a fighter and during the Cuban revolution he fought two weeks with General Maximo Gomez.

INDIANS BRING SUIT.

Creeks Seek to Enjoin Secretary Hitchcock from Carrying Out Allotment.

Washington, Aug. 6.—Thelchumi Fixico, Goshoxico Chee, Ufoula Horigo and James L. Gray, representing themselves as agents and delegates of the Creek Indian tribe in Indian Territory, have brought suit to enjoin Secretary Hitchcock and Commissioner of Indian Affairs Jones from proceeding in execution of what is known as the Creek agreement for allotments, etc. They ask to be allowed to remain in undisturbed enjoyment of their landed interests and that such property as already has been taken from them under the agreement and the ratifying act be restored.

They allege that the government has failed to comply with the terms of the agreement and the act of congress ratifying the agreement.

Labor Day Proclamation.

Austin, Aug. 6.—The governor has issued the following Labor day proclamation:

Executive Office, State of Texas, Austin, Aug. 5.—Proclamation by the Governor of the State of Texas: Monday, the 1st day of September, 1902, being the day designated by statute as Labor day, I, Joseph D. Sayers, governor of Texas, do hereby request all the people of the state to observe said day by refraining from their usual avocations and engaging in such exercises as may be appropriate to the occasion. In witness whereof I have hereunto signed my name and caused the seal of the state to be affixed at Austin, this 5th day of August, 1902. JOSEPH D. SAYERS, Governor of Texas.

To Hang for Assault.

Montross, Va., Aug. 6.—In the Westmoreland county court, under guard of the Fredericksburg militia, the jury returned a verdict of guilty in the case of John Homer, alias Lomax, colored, indicted for committing a criminal assault on Miss Susie Costenbader, aged 15 years, near her home at Potomac Mills. Judge Beale pronounced sentence of death and fixed Sept. 9 as the day of execution. The prisoner was turned over to Captain Rowe of the militia and will be taken back to Alexandria, Va., for safe keeping.

Quiet at Shenandoah.

Shenandoah, Pa., Aug. 6.—The peace of this troop-protected town remains unbroken. The unsettled feeling which has been apparent for the past few days, however, continues. Tuesday was a lively day at brigade headquarters, where all the staff officers were kept busy in connection with the movements of troops and in keeping in touch with the situation of the entire country. There were many rumors of trouble, but excepting at Girardville, where a workman was shot and slightly injured, nothing of a serious nature occurred anywhere.

Three Collieries in Operation.

Scranton, Pa., Aug. 6.—The Dickson colliery of the Delaware and Hudson Railroad company in Greentridge resumed operations Tuesday with returned strikers. Superintendent Rose says the company has been cutting and loading coal at this mine for two weeks. The coal was hoisted and sent through the breaker. The company will not give out the number of men working. This makes three collieries now in operation in this city.

Big Fee Compromised.

Galveston, Tex., Aug. 6.—The city commissioners accepted a compromise offer from Leon Levi in settlement of his suit against the city for \$100,000 as contingent fees based upon the reclamation of certain flats from the state in the western part of the city. He represented the city several years ago and claimed a big fee, which was refused, and he entered suit, which case is still pending in court. He offered to take \$2500 cash, and the commissioners accepted, as it would cost the city several thousand dollars to defend the case.
